The diagram illustrates a road with two lanes. The left lane is labeled "Tires Additive Additive time Treated area" and contains two white-outlined tires. The right lane contains two solid black tires. The road is flanked by green grass and a blue sky with clouds.

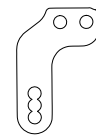

[illegible]

Diagram illustrating the rear suspension assembly with various adjustment points labeled:

- single shim** (indicated by a circle icon)
- combined shim** (indicated by a combined circle and oval icon)
- mm** (multiple locations for millimeter measurements)
- no shim** (indicated by a circle with a diagonal line icon)
- screw** (indicated by a square icon)
- top** (indicated by a light gray square icon)
- bottom** (indicated by a dark gray square icon)
- 3.5**, **4.0**, **4.5** (indicated by a circle with a horizontal line icon)
- mm** (multiple locations for millimeter measurements)
- wide/middle/narrow** (indicated by three oval icons)
- Ride height** (indicated by a circle with a horizontal line icon)
- Toe in** (indicated by a circle with a horizontal line icon)
- Droop** (indicated by a circle with a horizontal line icon)
- Camber** (indicated by a circle with a horizontal line icon)
