

XRAY T3'12

● ☒ - APPLIED S - SOFT M - MEDIUM H - HARD

The diagram illustrates the chassis of a vehicle, focusing on the suspension and steering systems. Key components and adjustment points are labeled as follows:

- ECCESTER /mm**: Located on the upper control arms, with a 'STANDARD' position and a 'DIFE POSITION' (UP/DOWN) adjustment.
- LOWER SUSP. BLOCK**: Located on the lower control arms, with a 'SOLID' position and a '2 pcs' adjustment.
- BALANCE /g**: Located on the lower control arms, with a 'BALANCE' position and a '2 pcs' adjustment.
- UP/DOWN**: Indicated by red arrows and checkboxes for the 'DIFE POSITION' and 'LOWER SUSP. BLOCK' adjustments.
- 21**: A red number indicating a specific adjustment point on the lower control arm.
